

Business Backup powered by Data Deposit Box

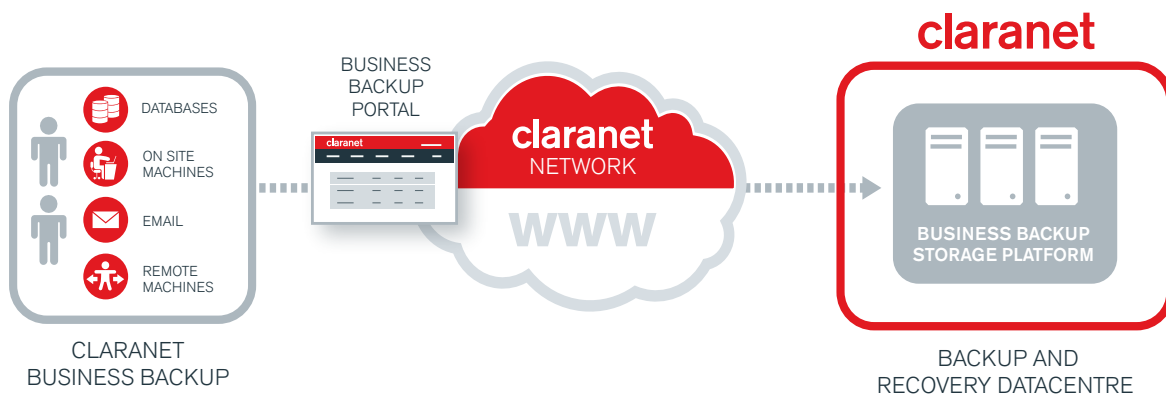

Backup, recover and share from, and to, any device

A secure, easy-to-use, solution ideal for small-to-medium organisations with limited in-house IT resources.

Why choose Claranet for Business Backup?

- 14 years of experience and expertise in Disaster Recovery and Business Continuity solutions
- Hosted in a UK-based data centre for complete security, resiliency and compliance
- 24x7x365 UK support

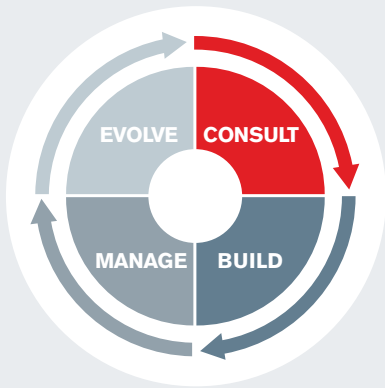

Complete security across unlimited devices with one flexible, cost-effective solution

Business Backup service overview

- Use one account across PCs, Macs and servers, all managed via a simple web portal
- Recover from anywhere to anywhere and share files with other users inside or outside your organisation
- Lower your bandwidth utilisation and costs with true incremental backups: backing up every file as soon as it changes on your PC and Mac device
- Completely secure military-grade 448-bit encryption

How we work with you

1 - Consult

Our experts will advise you on the best backup options and how they fit with your overall Business Continuity plans

2 - Build

We will guide you through the setup and management of your account via our Business Backup portal.

3 - Manage

We provide 24x7 management, monitoring and support of the Business Backup platform.

4 - Evolve

We will work with you over time to ensure our service always meets your needs as you grow.

Business Backup benefits

Cost-effective

Protect unlimited devices and users, pay only for the storage you use
