Disaster Recovery Services
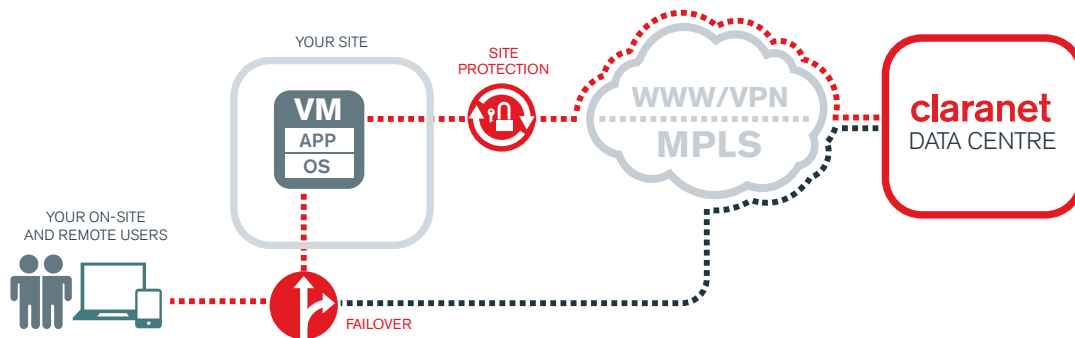

VMware vSphere Replication

Minimise your DR costs while significantly improving your Recovery Time and Point Objectives for your VMware vSphere platform, with VMware's state-of-the-art replication tool. Enjoy total peace of mind with a simplified DR plan and migration, as well as non-disruptive solution testing.

Why choose Claranet for vSphere Replication?

- First European provider to receive VMware Disaster Recovery-as-a-Service™ (DRaaS) Powered status
- 14 years of experience and expertise in Disaster Recovery and Business Continuity solutions
- Wholly owned UK-based data centres and network for total data security and compliance
- Enterprise-class levels of performance and resilience
- 24x7x365 UK support

Comprehensive protection for your VMware platform

vSphere Replication service overview

- High-performance, enterprise-class and production-ready replication and failover platform to a secure Claranet data centre for comprehensive off-site Disaster Recovery.
- Scalable, flexible and highly-resilient solution offering fully automated failover for individual virtual machines or your entire private cloud – you can set your own protection groups
- Simple management of recovery and migration plans with non-disruptive testing
- Recovery Time and Point Objectives as low as 15 minutes
- Storage-agnostic replication and fully customisable solution with tailor-made infrastructure and network design

helping our customers do amazing things

How we work with you

1 - Consult

Our experts can advise you on our Disaster Recovery services in order to meet your exact requirements in terms of technology, budget, Recovery Point and Time Objectives.

2 - Build

Working with Claranet removes the burden of project managing and carrying out the installation of your Disaster Recovery service yourself, leaving you free to focus on those tasks that truly differentiate your business.

3 - Manage

We take care of the ongoing 24x7 management, monitoring and testing of the Disaster Recovery solution. You have access to round-the-clock UK support.

4 - Evolve

We work with you to ensure your solution meets your growing needs.

vSphere Cloud Replication business benefits

Cost-effective
No upfront CapEx costs for infrastructure

Agile
Achieve better Recovery Time and Recovery Point Objectives

Secure
Virtual recovery environment hosted on Claranet's secure and compliant UK-based infrastructure

Flexible
You can select your own protection groups and failover only what you need
